

# Data Currency

Click the Data Currency link found at the bottom of any page to see details about information sources and how recently that information was updated.

Arranged by county, you'll see property assessment dates, sales and mortgage dates, mapping information, and more. The date at the top of the page tells you how recently the information contained on the Data Currency page was updated.

**Data Currency**

Data Currency as of 02/26/2015
