

## Property Report

Clicking the address of any property on a list of search results will take you to the Property Report for your selection. The Property Report contains detailed information about the property and provides tools for customizing exactly which details are shown when you share, save, or print that report.

### Toolbar

- **Email:** Email the report to any recipient you specify. You can choose to add a note and copy yourself before sending.
- **Save PDF:** Instantly download a PDF of the page you're viewing.
- **Print:** Send the page to your printer.
- **Previous Report, Next Report:** Navigate to the previous or next Property Report in your list of search results.
- **Save Report:** Save this report to your Saved Property Reports on the front Property Search page.

### External Links

Beneath several sections of your report are links to external data sources that provide even more information about the property you're looking at. You can view the local county assessor's report, a White Pages listing, tax history, mortgage information, the building's footprint, and a flood risk profile. Just click the link highlighted in blue to open the site in a popup or new window.
